Application N°09/744944 (PCT/IB00/00843) filing date 06/22/2000? (PCT): 02/21/2001? - USA National entry.

"Einstein-Bohr end: new atomic scale physics, electric field: neutrinos and electrons in conversions, perpetual motion, development: seisms, extinguished volcan, created islands, Big Bang energy".

Sir, I received your letter of 05/07/2001 (filing receipt, confirmation N°4671). There several errors:

§1. You did not mention, at all, the priority application PCT/FR99/01851 (priority date 03 Nov. 99), according to original English publication of this international Application PCT/IB00/00843- WO 00/52989, republished with Search Report in PCT Gazette 04/2001. The translation of this priority application was sent with my original Chronopost letter, received 02/21/01. And USPTO (in Form PCT/DO/EO/903) DID MADE the cross sur SOLE Translation of International Application in English. This 100% simplicity was not denied after my Fax (of Official PCT Guide: 1-703-305-32-30) of 23/04/01: "corresponding cross on "translation of International Application" (that was already in English) means the sent copy of translation of priority PCT/FR99/01851 Application in French and you have the Covering letter, that stapled to cashed already check". CORRESPONDINGLY, THIS PRIORITY DATE IS, INDEED, WRITTEN by USPTO in FORM. PCT/DO/EO/903.

§2. There are 5 drawings in Publication: WO 00/52989, not mentioned in your last paper.

§3. According to ISA (EPO) Search, there was only 1 independent claim. According to exceptional (only!) USA law, I had to change (a little), myself (after having filing National USA number: Form. PCT/DO/EO/903), my claims having references to several claims ("Multiple" claims were impossible at all: "or" and "or" could not work!). The correlations were too too simples (only in taking off the extra numbers of claims in particular claim). Unfortunately I made 2 slips of tongue in such corrections (26/04/01- letter and Fax) and IMMEDIATELY, I have sent 2 Faxes (1-703-305-29-19 and 1-703-305-32-30) (04/27/01) and registered RECEIVED letter (04/27/01) (that was transmitted to you according Examiner Michael Neas E-Mail). I repeated this last letter 2 times (registered 05/21/01 and 05/22/01)! But however, logically, you did not see (why?) my last 3 CORRECT letters and last 2 Faxes, where the 12 claims structure was as only 1 independent claim as at ISA Search (only too too small elimination of really notneeded, only informative, numbers). Please, to confirm.

§4. In your last paper (N°4671), the filing date is 02/21/2001. But it is the "Date of receipt of all 35 USC 371 Requirements" and filing date of National phase Application is (normally as in EPO) the filing date of International Application. Is it correct?

§5. My address is given in Request (see also above). But due to strike in my Paris district, I asked to send 1st letter to 'poste restante' of other Paris district. But after strike had finished, I asked (Fax of 04/23/01 and consecutive) to send the letters to my address in Request. You wrote very strange mixed (??) incorrect address. Please, to take attention for correct did explained several times address: Y.Zagyansky, Entraide, 22 rue Ste Marthe 75010 Paris France. Thank you.

§6. I did not have any "Notice to File missing parts" according to Form PCT/DO/EO/903, confirmed in reality by a number of feedback letters with USPTO.

§7. I did not know about Early Publication Request, in USA, National phase procedure. In viewing that it is possible, I am requesting VERY MUCH the early rapid publication WITH CORRECTED SPECIFICATION, in this letter.

§8. Oppositely, I justly payed already (after their sent positive acceptance) for Preliminary International Examination (EPO). So you can do the process of Examination quietly, in waiting their (IPE) Authority data. Sincerely yours Yuly Zagyansky Dr. Y. Zagyansky

Supplements: 1. Letter of 27th April 2001: How claims were a little DEFINITELY (please!) corrected (to follow CAREFULLY, please) (to confirm, please). 2. Early Publication Request. 3. Form PCT/DO/EO/903. 4. Corrected Filing Receipt (N°4671).

EARLY Publication Request.

Paris, 20th June 2001. I ask USPTO the rapid early Publication of the corrected USA National phase Application 09/744944 (PCT/IB00/00843, filing date 06.22.2000.) "Eintsein-Bohr End: new atomic scale physics, electric field: neutrinos and electrons in conversions, perpetual motion, development: seisms, extinguished volcan, created Islands, big bang energy". Thank you, it is very important for World Science and Technique. Applicant and Inventor Dr. Y. Zagyansky

E-Mails: zagyansk@cyberport.tm.fr AND yulizag@voila.fr

27th April 2001. I am sorry. After re-checking, I found several slips of the tongue at too simple erasure of numbers at photocopier (and also in Fax). So the definitive corrections are: Claim 3: Instead 'New Force existence according claims 1 and 2', I took: 'New Force existence in Atom according to claim 2' (as it was written in already corrected sent page 53). Claim 4: Instead 'Claims 1-3', I took: 'Claim 3' (in re-sending now page 54). Claim 5: Instead: 'Claims 1,2,3(i)', I took 'Claim 1' (Independent) (in re-sending now page 58). Claim 12: Instead 'Claims 4(28,29) and 8', I took 'Claim 4(28,29)' (as it was written in already corrected sent page 59). So I re-send by Fax (to Examiner Michael Neas 1-703-305-29-19) the pages 54 and 58. Also I had re-sent by post Paris-Louvre N° (at name of Commissioner for Patents, Box PCT...) the signed (as before but with date of 27 April 01) pages 54 and 58 in 3 exp. For perfect correctness, take attention, please, that Claim 1 is Independent. The text of this complete letter will be sent by E-Mails also.

Sir, I state in this letter that since Sept. 2001, I have no any news for this Application. Because of permanent occasions always taking place only with my post, including EXTREMELY numerous USPTO errors (DE FACTO and without answer, it must mean a little artificially in polite language), I have the strange "obligation" to write (each two months) the letters proving that I really have no any news. Although I made effective precaution in asking to send registered (proved) letters in paying \$30 in excess at filing for this, but USPTO expressively did not follow it without explanations (PLEASE BY STATE POST also to avoid strange permanent "problems"). Sincerely Dr.Y.Zagyansky

Sir, during one year I do not have any news for this important application. However Not like any other from hundred thousands of USPTO Applicants, I make the Draconian precautions to have the proofs of not receiving any news:

1. At filing for national entrance, I payed in excess. And I asked in Covering Letter (and in form PTO-1390), that this sum (\$30) "are sent as payment for future registered proven letters of USPTO to me". I still did not receive any registered letter neither since September 2001. *Please, by STATE post.*
2. With help of signed Fax letters (1-703-305-32-30) with also valable copy of text by e-mail (Michael.Neas@USPTO.GOV- Special Program Examiner of this Application), I communicated as proofs each 2 months that I did not receive any news (to see copies of Fax quittances and e-mails of: 11/09/01, 03/15/02, 05/07/02 (with e-mail text), 07/08/02 (with e-mail), 09/09/02 (signed e-mail))

What could I do more? I think hundred thousands of other applicants, that do not do such precautions, do not have such problems. I wait at last the answer. If you sent already this answer, please, send by payed registered letter with communication of fact by my BOTH e-mails: zagyansk@cyberport.tm.fr, AND yulizag@voila.fr. I have all proofs that I did not receive any news from USPTO. Sent this time by Fax and registered letter (with copies and proofs of all previous letters) (and with e-mail copy of text).
